OF THE REPUBLIC
OF SLOVENIA**

PROGRAMS

AWARDING SCHOLARSHIPS

The Fund awards various scholarships for education of secondary school students, university students and researchers to attain exceptional achievements, for international mobility and to encourage young people to choose shortage occupations.

INVESTING IN HUMAN RESOURCE DEVELOPMENT

With the help of European funds, the Fund carries out various programmes which provide for the development of individuals from schooling to the end of their career path. Young people can obtain practical experience while they are still studying and the employees of all generations can acquire new knowledge and develop their competences.

ENSURING CHILDRENS' RIGHT TO MAINTENANCE REPLACEMENT

The Fund ensures children to whom maintenance has been granted by means of a final decision, interim injunction or an agreement of a social work centre but is not paid by maintenance debtors or is paid irregularly their right to maintenance replacement.

 jpsklad@jps-rs.si
+386 (0)1 434 10 81

ENSURING WORKERS' RIGHTS IN THE CASE OF EMPLOYER'S INSOLVENCY

The Fund ensures payment of employees' outstanding claims when their employment relationships have been terminated due to the insolvency of their employers or the employers' deletion from the court register.

 jpsklad@jps-rs.si
+386 (0)1 434 10 81

RECOVERY OF MAINTENANCE FROM ABROAD

The Fund is the central authority of the Republic of Slovenia for recovery of maintenance from abroad as per Council Regulation (EC) No 4/2009 and the Hague Convention of 23 November 2007, and the receiving and forwarding authority as per the UN Convention of 20 June 1956.

SCHOLARSHIPS

The Fund implements various scholarship programmes. It thus promotes knowledge development, including exceptional achievements, acquisition of new knowledge and experience with international mobility and shortage occupations, by which it also improves employment possibilities.

Zois scholarships

are intended for the best secondary school and university students studying in Slovenia and abroad as an encouragement to attain exceptional achievements and thus generate added value in the fields of knowledge, research, development and art.

 zoisi@sklad-kadri.si
+386 (0)1 434 58 97

Scholarships for studies of Slovenians living abroad in Slovenia

are intended for descendants of Slovenian migrants who are members of the indigenous Slovenian national community in neighbouring countries to study in Slovenia at first or second Bologna degree.

 info@sklad-kadri.si
+386 (0)1 434 10 81

Scholarships for shortage occupations

are intended to encourage young people to enrol in educational programmes for occupations for which there is a recognised shortage since there is a lack of workforce in the labour market for these occupations.

+386 (0)1 434 15 36

The Ad futura programmes

promote international mobility of secondary school and university students and researchers from Slovenia abroad and vice versa. The purpose of the Ad futura scholarships is to improve the competitiveness of the Slovenian economy by means of knowledge transfer and best practices from abroad to Slovenia. Study mobility of foreigners to Slovenia in order to exchange cultural values, knowledge and in-depth cooperation in the fields of education and socio-economic partnership among Slovenia and foreign countries is also supported.
